

“IDEAL4OMOP” is a funded leadership training programme for early career cancer RWE researchers in Europe

2024 Funded
Research Training for
Real-World Oncology

DigiCore

- **Open to all early career (<45yrs) researchers** with a passion for outcomes research and RWE in oncology; including data science, research management, clinical or pathology backgrounds
- Focus on **technical and leadership** skills, including OHDSI OMOP
- Funding available (€300k) for 3-5 proof-of concept **outcomes research studies** using EMR data
- Builds **international research networks** for future funding bids
- Mix of **webinars, face-to-face training and peer learning**
- **Introductory seminar** - 15th Feb 2024, 17:00 (CET): register at training@digicore-cancer.eu

Please share with any early career researchers who might benefit – questions to training@digicore-cancer.eu
